The application has been amended as follows:

In claim 21, please amend "Claim 3" to --Claim 1--.

***Allowable Subject Matter***

2. Claims 1-24 are allowed.

3. The following is an examiner's statement of reasons for allowance: In addition to applicant's remarks filed 10/27/09, the primary reasons for allowance is the inclusion of the following limitations in each independent claim directed towards providing multimedia prompting:

“ providing, in response to at least a portion of the information received from the video client, a second video clip to the video client, the second video clip including at least a portion of the information received from the video client; identifying, through negotiation with the video client, a CODEC to be used to communicate with the video client; and retrieving from memory at least a portion of at least a one of the first multimedia prompt and the second multimedia prompt having been encoded using the identified CODEC and stored in the memory thereafter, the at least a

portion stored in memory also having been encoded using a second CODEC different from the identified CODEC and stored in the memory thereafter." (as from claim 1, similar limitations in each independent claim)

This subject matter, when considering the claim as a whole, is not found in the prior art nor is it obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
